**LEAVE ONLY HOLY PLACES FOR TURK**

Ottoman Empire Virtually Stripped of European Lands.

**GREECE GETS THRACE**

Smyrna Also Included; Constantinople Cabinet Quits in Crisis.

**FRENCH REFUSE TO SOFTEN**

Insist on Terms of Reparation Imposed Upon Huns; Government Upheld.

TURKEY March 4.—Turkey is stripped of virtually all her territory in Europe, but retains the sacred places of the treaty now being completed by the conference of foreign ministers and ambassadors. It became known today.

Thrace has been awarded to Greece by the peace conference, but the present conference is charged with the task of working out plans with which the Turks will keep control of the sacred places and Adrianople.

Anvils will be placed under Greek control.

Massacres of Armenians have been very seriously condemned by the world's press, and conference has reached a decision on the matter, which has been communicated to their representatives at Constantinople. Premier Lloyd George stated in the house of commons this morning:

Immediate publication of the character of that decision would be invited, he said, final action depending upon advice received from the Turkish capital.

**FRANCE OPPOSES LIGHTER HUN CLAIM.**

By The Associated Press.

PARIS, March 4.—The French government will make determined opposition to any revision of the treaty of Versailles that would modify her claims on Germany, it was learned today.

The attitude of the French government, according to the official point of view, is in perfect accord with the sentiments of the French chamber of deputies, who held that any further concessions by the French government to Germany would not be tolerated by parliament and if made, the government would be overthrown.

The French official view of the economic situation, as stated by the minister of finance today, is quite the same as that set forth in London, that is, that all Europe must be put on a prosperous basis. The French, however, it was pointed out, are beginning to think their allies have forgotten that France had been the chief factor in the war and not in a position to make concessions that would effect her own economic interests to anyone, least of all in Germany.

**TURKISH CABINET OUT UNDEFEATED.**

CONSTANTINOPLE, March 2.—The victory of the government of the cabinet was declared today. The cabinet has called upon Marshal Izet Pasha to form a new cabinet.

Izet Pasha is a partisan of Mustapha Kemal Pasha, leader of the Turkish nationalists. His designation as head of the new cabinet is regarded here as a triumph for the nationalists.

WANT PRESIDENT OUT

Students and Teachers at Cameron School Refuse to Attend unless President is Removed.

LAWTON, Okla., March 4.—It appears an investigating committee composed of members of the state board of agriculture failed to investigate charges made by students and members of the faculty against A. E. Farley, president of the Cameron school. The investigation instead approved of the president's administration at a meeting of the board today at Oklahoma City, and all the teachers but four left the school today and declared they will no longer work until Farley is removed as head of the institution.

The only instructors remaining are Professors Farley and his wife who is employed as a teacher. Mrs. Ellen Baugh and Professor Serrano. It is not believed an attempt will be made to open other schools.

A meeting called for tonight by the executive committee of the Lawton chamber of commerce and students and parents of girls against whom it is said Mrs. Augusta Sheppard, former matron, had made charges of immoral conduct and members of the faculty was adjourned until after the session was adjourned morning when it was learned Professor Farley could not be present to night.

INDIANAPOLIS, March 4.—Mrs. Alice Warren, daughter of the late Charles Warren Farwell, former vice-president of the United States, died yesterday. Her son was granted a divorce from John W. Thomas. In her petition for divorce she was married to Captain W. Thomas in September, 1918, and separated about September 19, 1919. She entered the law office of Mrs. Alice Warren, attorney for divorce, and asked for a divorce on the ground of her husband's infidelity.

EL PASO, Texas, March 4.—Instructions have been transmitted to El Paso and San Antonio, Texas, aviation authorities to be sent to Santa Fe, New Mexico, February 2, to return to the United States immediately, according to a statement made today by Col. Frank J. Hayes, commanding officer of the 1st Pursuit Squadron, 1st Pursuit Group, 1st Pursuit Wing, 1st Pursuit Group, commander of the 1st Pursuit Wing.
